Oath for the Youth

By-Dr. APJ Abdul Kalam
Late Former President of India

- I will have a goal and work hard to achieve that goal. I realize that small aim is a crime.
- I will work with integrity and succeed with integrity.
- I will be a good member of my family, a good member of the society, a good member of the nation and a good member of the world.
- I will always try to save or better someone's life, without any discrimination of caste, creed, language, religion or state. Wherever I am, a thought will always come to my mind. That is "What can I give?"
- I will always protect and enhance the dignity of every human life without any bias.
- I will always remember the importance of time. My motto will be "Let not my winged days be spent in vain."
- I will always work for clean planet Earth and clean energy.
- As a youth of my nation, I will work and work with courage to achieve success in all my tasks and enjoy the success of others.
- I am as young as my faith and as old as my doubt. Hence, I will light up then the lamp of faith in my heart.
- My National Flag flies in my heart and I will bring glory to my nation.

MESSAGE

*From the Hon'ble
President, Governing Body*

What is a College for? About a hundred years ago, a professor of moral philosophy at Oxford, John Alexander Smith, told the newcomers: "Gentlemen," he said to the incoming class (the students were all men in those days), "Nothing that you will learn in the course of your studies will be of the slightest possible use to you in after life-save only this-that if you work hard and intelligently, you should be able to detect when a man is talking rot, and that, in my view, is the main, if not the sole purpose of education." Contrary to this philosophical view, the most common answer to "what is a college for?" is that the college provide more people with an education, leading to graduation, that is likely to help in getting some kind of a job. It definitely improves the economic competitiveness of a student and many people think that the College prepares the students for jobs.

At a slightly higher level, some people think that the College opens up the student's senses as well as his mind to experiences that would otherwise be closed for him. Not only his capacity to read well-known works of literature and science, and to grasp fundamental ideas in various disciplines, but also his alertness to his surroundings in all the relevant aspects, will be sharpened and deepened during his education in the College. Ideally, the College should provide an education that is a hedge against utilitarian values with no room for dogma, open to debate about the truth in every experience. The College has an obligation to lead a student towards the truth and reality in everything.

While joining a college, a student must understand the benefits of college education for his future life; must have clear-cut career interests with a planning to prepare him best for his future; must be aware of all the personal traits of a successful college student; must know how the learning process functions in a College and make an effort to maximize his learning during each day at the College; must pay attention to gain the most from the classes; should be aware of the resources of the college (including the teachers) that can help him succeed both academically and personally; and should take all the steps every day to ensure that he is successful in every aspect of the college experience.

A hearty welcome to all the newcomers to Dimoria College, Khetri.

FROM THE PRINCIPAL'S DESK

Greetings from Dimoria College.

As our College enters its fortieth year of service to the Student community and society, it is time, once again, to welcome a fresh batch of students to the college.

Having both Arts and Science streams, Dimoria College offers a wide variety of subjects for Students to choose from. As Gauhati University is implementing the Choice Based Credit System (CBCS) from this session, we are sure our students will benefit immensely from it. A new subject, "Swadesh Adhyayan", is being introduced from this session for Higher Secondary students as per AHSEC Notification.

To meet increasing new demands, Dimoria College is working towards expanding and renovating existing infrastructure facilities, so that our students can reap the full benefit of their period of study in our College.

We look forward to welcoming the fresh batch of students this year and together strive to make ourselves and our Institution proud.

Pranjal Kr. Das
Principal i/c
Dimoria College

than 6000 colleges throughout India under UGC's recognition. The august arrival of Former President of India Dr. A.P.J. Abdul Kalam to our college on 6th February, 2010 to motivate our students in the path of nation building was the jewel on the crown of the above achievements. Thus from a very humble beginning in 1979 the college has matured itself into a full fledged centre for learning and excellence.

The present day college has a sprawling campus of more than twenty four bighas of land including built up areas and a spacious playground. Facilities include a well stocked modern library with photocopying and Internet facility, Departmental Libraries, well equipped laboratories, five P.G. Departments, a Computer Science cum IT Department, a Language Laboratory, a Canteen for students, teachers & non-teaching staff, five separate hostels for boys and girls together with a multi purpose Auditorium complex. The college has completed many minor and major research projects and continuing several others sponsored by the UGC. Presently more than one hundred forty teaching & non-teaching staff are working in the college for promotion of teaching, learning, evaluation, innovation, research and extension services for the greater goal of social upliftment.

Long live Dimoria College.

VISION & MISSION

The vision of Dimoria College is to mould the character of the future generations as competent citizens of the nation, who can be self reliant and inspiring for others. It has as it's mission a passionate concern for providing higher education to upcoming generations of this educationally and socially backward region predominantly inhabited by various tribal and non-tribal ethnic groups of people, and to work as an effective instrument of social change for Dimoria as well as the state of Assam as a whole. The college intends to translate into reality the dreams and visions of the founding fathers through teaching learning, evaluation, innovation, research & extension. The college pledges for upliftment of the rural poor by making them aware of the global changes through education and co-curricular activities.

GOALS & OBJECTIVES

The College was established with the following distinct goals and objectives.

- a) Comprehensive development of the socially disadvantaged and economically backward people.
- b) Dissemination of knowledge of different branches of modern science and humanities.
- c) Production of enlightened human resources in the region in order to bring about allround development.
- d) To bring about a change in the attitude of the new generation learners towards a better environment in the region.
- e) To instill a sense of social responsibility in the minds of the students and generate an awareness about their rights and duties as conscious citizens of India.

LOCATION OF THE COLLEGE

Dimoria College is located at Khetri, about 30 kms. to the East of Guwahati City on N.H. 37 with excellent communication facility. It is situated in the Dimoria Tribal Belt, a part of Dispur LAC under Kamrup (Metro) District. The area is located close to the north eastern fringes of the Meghalaya Hills and western part of Morigaon District. Dimoria, the erstwhile medieval principality, is the symbol of rich cultural and ethnic diversity, being predominantly inhabited by different colourful tribes like the Karbis, Tiwas, Bodos, Garos alongside Bengalis, Tea Tribes and non-tribal Assamese population. Far from the madding crowd, an idyllic surrounding of blue hills and lush green valley, coupled with a diversified ethnic, cultural and geographical setting, makes the location of the college a perfect heaven for intellectual pursuit of the highest order.

The Institutional Level Biotech Hub (sponsored by DBT, Govt. of India) of Dimoria College, was established in the month of January, 2014, under the Department of Biotechnology, Dimoria College. The objective of the biotech hub is to popularise biotechnology among students and teachers from school and colleges conducting hands on trainings, outreach programs and popular lectures on regular basis. The hub is also planning to conduct studies on molecular marker based diversity analysis of various indigenous Capsicum varieties and some other important plants of North-East India. The priority of research and development area of this Biotech Hub will be Functional genomics and Medical microbiology. The Hub is a well equipped to conduct research activities. Under the hub many training programmes were conducted

POST GRADUATE COURSES OF STUDY

- Master of Arts in Assamese**
(Affiliated to Gauhati University)
- Master of Arts in Economics**
(Affiliated to Gauhati University)
- Master of Science in Environment Management**
(Affiliated to Gauhati University)

The Department of Environment Management, an innovative full time M.Sc. Course sponsored by UGC, 2008, and affiliated to Gauhati University, has been running successfully. The department is engaged in solving various environmental problems of the locality through field visits, survey, collection of data and dissemination of the same to the public for better management. The department regularly organizes seminars and group discussion among the students on current environmental issues. The department has a sophisticated laboratory and internet facility. The faculty members are also engaged in various research works. This course bears a high potential for placement.

- Master of Science in Eco-Restoration**
(Affiliated to Dibrugarh University)

Highlights of the P.G. Eco-Restoration Course

- # Ecological Restoration Information Centre
- # International Collaboration

- # International Visiting Faculties
- # Compulsory Field Project Work
- # Personality Development
- # Certified Workshop and Training
- # National & International Summer Training programme.

Brief outline of Eco-Restoration Course

UOC approval and assistance for M.Sc. Eco Restoration Programme was received under innovative programme-teaching and research in interdisciplinary and emerging area vide letter No. F.14-42/2004 (Inno. Asist) dtd. 31-03-04. The first & the second batches of M.Sc. Eco-Restoration Programme secured 100% 1st Class result in the final semester and almost 100% of them got placement in good sectors.

The first Regional Eco-Restoration Resource Centre was inaugurated by Prof Andre Clewell, Restoration specialist, USA and Dr. N.R. Desai, Executive Director, Society for Ecological Restoration, Indian Chapter, Pune in 2005.

The Deptt. of Eco-Restoration is working in collaboration with the society for Ecological Restoration-India, since 2004

The Wildflower Satellite Centre was inaugurated by Richard Scott, Land life, National Wildflower Centre, Court Hey Park, Liverpool, UK in 2006.

The Department organised the 1st International Conference on Restoration Ecology in 2005 wherein keynote address was delivered by James C. Aronson, Researcher & Head, Restoration Ecology Group, Centre L. Emberger d'Ecologie Fonctionnelle et Evolutive, Montpellier, France and A.F. Clewell, Eco-Restoration Specialist, USA.

As per students and faculty exchange programme, a group of ten students along with the teachers of Eco-Restoration Deptt. visited the Brandenburg Technical University, Cottbus, Germany in July 2008.

- Master of Science in Geology**
(Affiliated to Gauhati University)

M.Sc. course in Geology started from 2017 with ten seats. The Geology Department with digital class

room facilities, Geo-information laboratory and 2500 books and journals in the departmental library offers best opportunities to the students to have a great learning experience. The Geology laboratory was inspected by GU and upgraded to a research laboratory in the year 2012.

Ph.D. COURSES OF STUDY:

The Post Graduate Dept. of Economics offers Ph.D. courses of Study Under Down Town university with the following guides.

1. Dr. Hem Chandra Deka (Dept. of Economics)

Note on UG, CBCS, GU

The undergraduate degree (UG) programme in the choice Based Credit System (CBCS) will have courses spread across six- semesters of any undergraduate degree course. Two consecutive (one odd and one even) semesters will make up an academic year. An UG course shall be of six Semesters covering three Calendar Years (Academic Sessions-June to May). The duration of the Odd semesters (First, Third and Fifth) shall be June- November, and that of Even Semesters (Second, Fourth and Sixth) shall be December- May

How does it work?

The courses in GU UG- CBCS are categorised primarily into three types of courses - Core, Elective and Ability / Skill Enhancement courses. All the core and elective courses will comprise of six (6) credits and the skill courses are of four (4) credits.

Core Course

As the name suggests, a core course is a necessary course that a student MUST take in order to complete the degree. The number of core courses for Honours and Regular degrees are different.

Elective course

An elective course is the one for which a student has some kind of freedom to choose from a pool of courses. There are two kinds of elective courses- Generic and Discipline Specific. The generic elective courses are those, which can be chosen by a student belonging to any stream while the discipline specific elective courses are particular to only the discipline concerned. However a student pursuing an honours degree course can choose a generic elective from any other discipline except from the honours course itself.

Ability / Skill Enhancement Course

An Ability or Skill Enhancement course is aimed at providing the student with skill and ability. These courses have four (4) credits each in contrast to the core or elective courses. The ability enhancement courses MUST be opted by a student and the student can choose papers from a pool of skill enhancement courses.

Dissertation / Project

A student can opt (subject to conditions) a dissertation or a project work in lieu of a 6-credit discipline specific elective course in the sixth semester.

The Notion of Credit

A student needs to earn a required number of credits in order to successfully complete a degree. The credit is closely related to the number of stipulated classes a student has to complete. The following table indicates the number of credit a student can earn for each type of indicated classes.

Class	Duration	Credit
1 Theory Class	1 Hour	1
1 Tutorial Class	1 Hour	1
1 Practical Class	2 Hours	1

Papers and Credits

The following table gives you an idea about the number of papers one Must take in a certain degree course and the total credit it contains.

Degree	Minimum Paper Requirements	Minimum Credits
Undergraduate Degree with Honours (All Disciplines)	<ul style="list-style-type: none"> * 14 Core * 2 Ability Enhancement * 2 Skill Enhancement * 4 Discipline Specific Elective * 4 Generic Elective 	148
Undergraduate Regular Degree (Science)	<ul style="list-style-type: none"> * 12 Core * 2 Ability Enhancement * 2 Skill Enhancement * 6 Discipline Specific Elective 	124
Undergraduate Regular Degree (Humanities / Social Science/ Commerce)	<ul style="list-style-type: none"> * 10 Core * 2 Ability Enhancement * 2 Skill Enhancement * 8 Discipline Specific Elective 	124
